

**Monday  
APRIL**

**27**

**6:00 p.m. – 7:30 p.m.**

**OSU South Centers  
1864 Shyville Rd.,  
Piketon, OH 45661**

## **Tick Talk: Biting Back Against Bites**

Ohio is home to several species of ticks that affect humans, pets, and livestock in various ways. Dr. Tim McDermott with OSU Extension Franklin County, will be debunking common tick myths, teaching about how families can stay safe while enjoying summer activities like camping, hiking, and even walking the dog! If you own livestock don't feel left out! Dr. McDermott will also be teaching about how ticks affect herd health and what to do if you come across a tick on you and your four legged friends!

There is no cost to attend this program, but pre-registration is required and can be completed by going to:
